SUMMARY

Skilled UI Developer with strong experience in HTML, CSS, Figma, and mobile-responsive design. Proficient in building clean, user-friendly interfaces. Currently learning React and familiar with its basics to enhance front-end development skills.

TECHNICAL SKILLS

HTML	React	Wordpress	sass
CSS	Bootstrap	Visual Composer	Jquery
JS	Figma	Github	

PROFESSIONAL EXPERIENCE

Sangvish Technologies

Dec 2023 - Present

- Developed responsive web pages for various use cases, including rental script platforms using the Laravel framework. Used HTML, CSS, JavaScript, jQuery, Bootstrap, and implemented mobile-responsive design for seamless performance across devices.
- Built a fully functional Amazon-inspired eCommerce clone using WordPress with the Elementor plugin, focusing on UI precision and responsiveness.
- Designed and developed client landing pages using Visual Composer, emphasizing clean UI, fast load times, and mobile responsiveness.

TechLeaf Solutions

Apr 2023 - Sep 2023

- Developed and maintained responsive web pages with HTML, CSS, JavaScript, and Bootstrap, ensuring mobile-friendly designs.
- Handled backend development tasks including database integration and management using SQL within CodeIgniter.
- Collaborated on both front-end UI and backend logic, contributing to functional and user-centered web applications.

EDUCATION

B.E EEE

2017 - 2021

KLN College of Information Technology
